A RIVER CHANGES COURSE

PUBLIC INVITATION

On behalf of the Documentation Center of Cambodia, we are pleased to invite you to a special screening of A RIVER CHANGES COURSE, a documentary film by filmmaker Kalyanee Mam.

Twice a year in Cambodia, the Tonle Sap River changes course, while the river of life flows in a perpetual cycle of death and rebirth, creation and destruction.

Working in an intimate, verité style, filmmaker Kalyanee Mam (Director of Photography for the Oscar-winning documentary INSIDE JOB), spent two years following three young Cambodians as they struggled to overcome the crushing effects of deforestation, overfishing, and overwhelming debt.

A breathtaking and unprecedented journey from the remote, mountainous jungles and floating cities of the Cambodian countryside to the bustling garment factories of modern Phnom Penh, A RIVER CHANGES COURSE traces a remarkable and devastatingly beautiful story of a country torn between the rural present and an ominous industrial future.
